- [13] Photos or Videos

FIND  RATE

www.
findrate.io

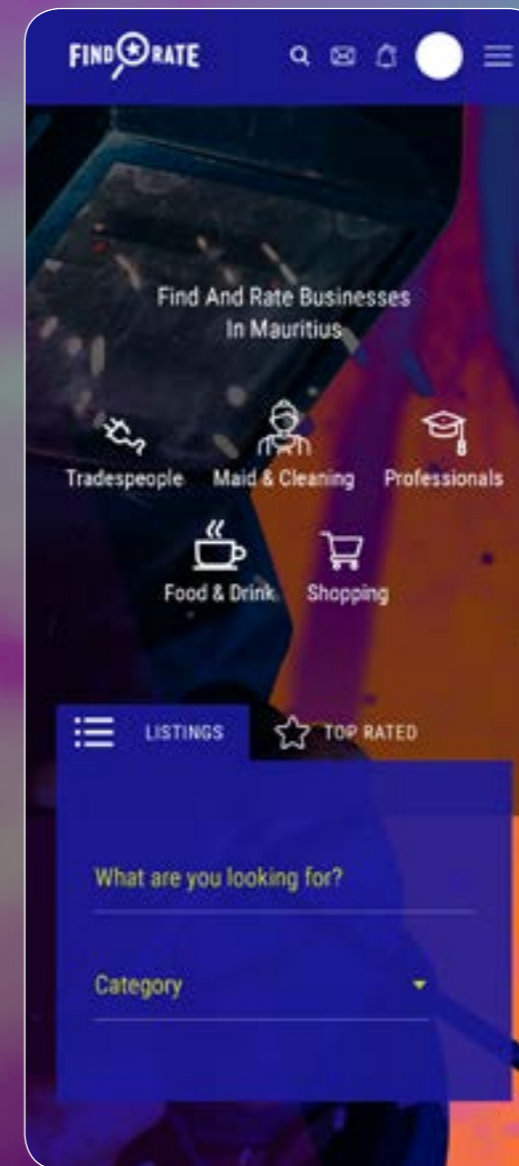

Findrate is advertised on various digital channels for the new generation of people looking for businesses with peer recommendations.

HOW IT WORKS?

[1] Always free to use for customers. [2] Free to list for businesses, professionals and tradespeople although this is subject to vetting and a wait-list. Businesses must provide their own communication material (verbiage and photos). [3] All listings will be reviewed for quality first. [4] **XTM Mirror** provides design and marketing services to publish on **Find Rate** starting at Rs1,500. This benefits of a fast tracked listing (highly recommended). Does not include subsequent updates and monthly statistics follow up.

THE APP

A digital and intuitive solution to connect professionals to their customers and vice versa.
